National Conference on Biodiversity and Wetland Conservation (NCBWC-2023)

FEBRUARY 24, 2023

Organized by

Department of Zoology
&
Internal Quality Assurance Cell

Shivprasad Sadanand Jaiswal College

(Arts, Commerce & Science)

Arjuni/ Morgaon Dist. Gondia 441701

Affiliated to RTM Nagpur University, Nagpur

Reaccredited with B grade by NAAC in the 3rd cycle (CGPA 2.11)

in collaboration with

Hirwad Bahuuddeshiya Sanstha, Gondia
Foundation for Economic and Ecological
Development (FEED)

Navegaon Nagzira Tiger Reserve (NNTR)

Seminar Hall (Room No. 32)

Invitation:

The organizing committee of Shivprasad Sadanand Jaiswal College Arjuni Morgaon cordially invites you to be a part of National Conference on Biodiversity and Wetland Conservation (NCBWC-2023) on 24th February 2023 in association with Hirwad Bahuuddeshiya Sanstha, Gondia, Foundation for Economic and Ecological Development (FEED) and Navegaon Nagzira Tiger Reserve (NNTR). The scientific programme includes keynote address, invited talks, poster presentation and Photography exhibition on the theme of the conference and field visit for bird watchers to nearby famous wetlands.

About Conference:

Biodiversity is the most complex and important feature of our planet without which life won't sustain. Nature is diminishing globally at an unprecedented over the few decades. The population size of mammals, birds, fish, amphibians and reptiles has been disproportionately declining since 1970. Wetland conservation is aimed to protecting and preserving areas where water exists at or near the earth's surface such as swamps, marshes and bogs. Wetlands cover at least 06 % of the earth and have become the focal issue for conservation due to the ecosystem services they provide. More than 03 billion people, around half the world's population, obtain their basic water needs from inland freshwater wetlands. Fisheries are also a significant source of protein and income in many wetlands. They also provide valuable ecosystems for birds and other aquatic creatures, help reduce the damaging impact of floods, control pollution and regulate the climate. From economic importance to aesthetics, the reasons for conserving wetlands have become numerous over the past few decades.

The main objective of the conference is to provide a platform for academicians, scientists, researchers, professionals and students to present and discuss their research work and innovative outcomes in the field of biodiversity and wetland conservation. The conference will also associate several outstanding scientists from different parts of India for sharing their findings with young researchers and to establish relationship with each other for future collaborations. The expected outcome of the conference would be the young enriched minds ready to step towards the biodiversity and wetland conservation.

About College:

Shivprasad Sadanand Jaiswal College was founded in 1990 by Shri Durga Shikshan Sanstha, Arjuni Morgaon Dist Gondia. Our institution is the only leading institution which provides higher education in Arts, Commerce and Science streams to the aspirants of the tribal belt for this reason. It is recognized under 2(F) & 12 (B) by UGC and is permanently affiliated with the Rashtrasant Tukadoji Maharaj Nagpur University, Nagpur. Our college is accredited by NAAC with 'B' grade in 2004, 2014 and 2019 respectively. The institution has a holistic approach in inculcating its vision and mission into the student's minds. By imparting higher education to the deprived and backward classes, the institution is enabling the students to counter the challenges in their future life the institution had adopted the noble concept from Rigveda, "आनो भद्रा ऋतवो यन्तु विश्वतः" It means "Let all knowledge in the world come to us"

About Arjuni Morgaon

Arjuni Morgaon is a town and Municipal council in the Arjuni Morgaon subdivision of the Gondia district in the Vidarbha region in the state of Maharashtra. Arjuni morgaon is well connected to major industrial and commercial places by road. It is about 130 km from the city of Nagpur and 80 km from the district headquarters of Gondia. During the month of February, the weather in Arjuni morgaon is very pleasant.

Places of interest around Arjuni Morgaon

Navegaon National Park, Navegaon- Nagzira Tiger reserve (NNTR), Itiadh dam, Tibetan refugee camp and Buddhist Temple at Gothangao and Pratapgah Mahadeo Temple.

How to reach Arjuni Morgaon

It is about 130 km from the city of Nagpur and 80 km from the district headquarters of Gondia. The Maharashtra state road transport corporation runs buses and private buses connecting Arjuni Morgaon to Nagpur, Gadchiroli and Gondia. Arjuni Morgaon railway station connects to Gondia-Ballarshah electric BG line with stoppage of all types of express and passenger trains. The nearest airport is Dr. Babasaheb Ambedkar International Airport Nagpur is about 130 km from Arjuni Morgaon.

Accommodation:

Accommodation can be arranged for outstation participants in the guest house if informed well in advance.

Field visit

The field visit would initiate at 06.00 am on 25th February 2023 to selected wetlands for bird watching on first come first serve basis with limited seats. The travel charges would be borne by the participants.

Conference Themes

The focus of the conference will be on biodiversity and wetland conservation and related issues like

- Biodiversity conservation
- Aquaculture
- Entomology
- Environmental resources and management
- Green chemistry and technology for sustainable development
- Material science and its impact on environment
- Environmental pollution
- Chemical toxicity and health hazards
- Hydrobiology

Keynote Speaker:

Dr. Rajkumar R. Khapekar,

Associate Professor and Head,
Department of Botany, Sindhu Mahavidyalaya, Nagpur

Invited speakers:

Dr. Lal Singh,

Sr. Scientist, Group
Head, Eco Rejuvenation Group,
Environmental Biotechnology and Genomics Division,
CSIR NEERI, Nagpur

Shri. Manish Rajankar,

Director,
Foundation for Economic and Ecological Development
