

## 2.7.1 Report on Students Satisfaction Survey (SSS) 2021-22

The feedback committee of our college has conducted student's satisfaction survey for the year 2021-22. This survey is purely based on the questionnaire designed by the NAAC. We have circulated the same questionnaire to the admitted students and collected more than 300 responses. The responses are collected through the Google Form in an online mode. Total 21 questions were given to the learners to understand the academic inputs. The regularity of the classes, assignments, promotion of internships, students exchange, field visit, and others points were covered in the SSS 2021-22.

It is also a medium to learn the potential of the teachers and students, teaches ability, and the overall quality of teaching and learning process. All the questions were made compulsory except one. The question number 21 is purely given an opportunity to the students to write their suggestions and comments. All the questions were based on the Likert type scale.
